

Zone 5 inner

Section 24 : Harrow on the Hill to Harrow & Wealdstone

Distance: 1.16mi, 1.86 km

Introduction

This section goes due north. It is short, suburban and largely devoid of interest.

There are places to eat at the start, but nothing much at the end.

Directions

Leave Harrow on the Hill Station on the north side, by platform 6.

Cross the road, and go straight through the shopping centre opposite.

On the far side, turn right.

Take the first left.

Go straight ahead across the main road.

After a left bend, turn right.

Keep straight ahead across Hines Road.

At the T junction, take the footpath straight ahead.

At the next road, turn right.

Take the second left, Poets Way.

At the T junction we should turn right, but at the time of writing it is blocked by a large building site. So instead turn left and follow the road round to the right.

Turn right into the Civic Centre carpark.

Pass the first of the main parking areas on the left, then turn left along a road.

When this bends left, keep straight ahead.

Keep going until you reach Harrow & Wealdstone Station on the right.
