

Zone 5 inner

Section 31 : Grange Park to Bush Hill Park

Distance: 2.12 mi, 3.39 km

Introduction

Although short, this section is surprisingly attractive. It goes through Enfield Town Park and along a short stretch of the New River. At least half of it is off-road.

There is not much available in the way of places to eat close to the route. But a little to the north is Enfield, where there are plenty.
