

Zone 5 outer

Section 11: Tolworth to Berrylands

Distance: 2.18 mi, 3.49 km

Introduction

This is a short section. The first half is through suburbia; the second half follows the London Loop alongside the Hogsmill River.

There is a pub at the end.

Directions

On leaving Tolworth station, advance towards the main road.

Cross it, and carry straight on along Donald Woods Gardens.

Near the end, go round a left bend, then take the footpath on the right.

Carry straight on past a junction on the left, then take the track on the left next to no. 40.

Take the first right, along another track, then the second left, along yet another track.

At the end, turn right then left.

Take the next right, which is Raleigh Drive.

Take the second left, which is Collingwood Avenue.

After a right bend, go straight ahead at the crossroads.

At the end, turn left.

Cross the service road, and take the underpass under the dual carriageway. We are now on the London Loop.

On the other side, turn right alongside the dual carriageway.

Cross Elmbridge Avenue, then take the footpath on the left into Elmbridge Meadows.

Follow the main path, with the Hogsmill on your right.

Towards the end, go over a footbridge, cross a cycle track, and carry on straight ahead into Rose Walk Nature Reserve along a rough path. We have now left the London Loop.

Bear left at the fork.

Ignore a path on the left, after a black metal fence. Pass a small wooded area on the left. Take the next turning left.

At the T junction, turn right along a track.

Follow the track round to the left, and keep alongside the railway until you reach Berrylands station.
